

REMARKS

The amended cancels claims 34-47 and 50-52 and provides minor corrections to the sub headings of the claims. New claim 55 is also added which is to the sequences set forth. The applicant points out that there were originally 54 claims (not 57 as indicated in the Notice to File Missing Parts). Now pending in the application are claims 1-33, 48, 49 and 53-55. Independent claims 34, 41, and 50 are included in those cancelled. Entry of the amendment is respectfully requested.

Respectfully submitted,
